## Never underestimate a solid High 5!

Congratulations! You made the smart choice to become part of Metropolitan College. Doesn't graduating debt free have a nice ring to it? We're here to help even more.

Metropolitan College has partnered with Commonwealth Credit Union to create a path of lifetime success. Through our partnership, we'll be focusing on your financial wellness. Through one on one meetings with designated Wealth Ambassadors (financial coaches), access to self-paced online learning experiences, group sessions, and a suite of optional financial products - we'll make sure you have the knowledge and tools to make smart financial decisions now and later.

## A Note to Parents...

College can be a stressful time for both students and parents, especially when it comes to finances. We've been bettering lives since 1951, so we promise that your loved ones are in good hands! In our partnership with Metropolitan College, it's our goal to provide tools and education to empower students to take control of their financial success.

## Created Just for You

Because we want to see you succeed, we've created some great products that we think you'll like, and that might just come in handy. While none of these are mandatory, they are designed with the Metropolitan College student in mind. If you have any questions, you can always check in with a Wealth Ambassador for more information.
