Work year round. Take courses year round. Students sign separate MC agreements each fall, spring, and summer semester. Hours will vary based on operational needs (i.e. peak season). Times are an approximation to assist MC students with planning.

Your MC Flight Plan

YOU are in charge of your flight plan for your success! If your goal is to complete an associate degree in approximately 2 years or a bachelor's degree in approximately 4 years, here is your flight plan:

First Semester

10 credit hours (increase to 12-15 after first term)

Second Semester

12-15 credit hours

Summer Semester

3-9 credit hours

What makes a MC student successful?

- Limit enrollment to 10 credit hours or less first semester in MC. Increase enrollment to full time in future semesters as you acclimate to college and third shift work.
- Make a schedule and stick to it. Schedule EVERYTHING—sleep, study, wellness, classes, etc.
- Complete advising and priority registration.
- Schedule afternoon or online classes to support third shift work.
- Connect with MC Success Counselor, UPS supervisors, advisors, faculty, etc.
- Connect with campus activities and resources and utilize campus academic-support services.
- Self-regulate—eat healthy, prioritize sleep, show up to class and work, and seek help when needed.
