

HIGH

Are you on your way to graduate debt-free through Metropolitan College? Say hello to High 5, your resource to encourage you to also graduate with savings in your pocket! So what is High 5?

High 5 is a partnership between Metropolitan College (MC) and Commonwealth Credit Union (CCU) designed with your success in mind. From equipping you with personalized learning to empowering you with useful tools, products, and services, MC and CCU together want to help you build the financial future you desire. *Account encouraged by MC, but not required.

By far Commonwealth Credit Union has been the best financial institution I've worked with. High 5 is an amazing program and the people have been helpful in seeing me reach my financial goals. I just recently bought my first home with the assistance of this program.
